Founded in 1984, Powerkontrol Australia Limited is an electrical engineering company in Hong Kong that focuses on designing, engineering and manufacturing sophisticated power distribution switchboards and motor control panels.

In recent years, we began diversifying our business model. As an EMSD-approved photovoltaic (PV) system designer and provider, we also provide PV system installation services to both commercial and residential buildings.

COMPANY INTRODUCTION

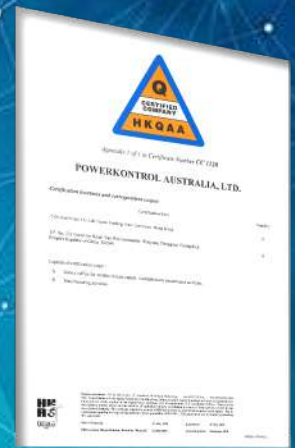

COMPANY HISTORY

- 1984** Establishment of Powerkontrol Australia Limited

- 2017** Became an EMSD-registered Photovoltaic System Designer and Integrator

CERTIFICATES & QUALIFICATIONS

HKQAA ISO9001:2015

Certified Company for Design, Supply, Installation, Manufacture and Maintenance of Low Voltage Electrical Switchboards and Control Panels in Hong Kong

ASTA Certificate of Verification Tests (2500A, 3200A, 4000A 415V/690V/8kV, 50Hz, IP43)

Electrical and Mechanical Services Department
Registered Renewable Energy System Provider

香港政府機電工程署(EMSD)
可再生能源設備供應商
EMSD登記供應商號碼：RS18033

SCOPE OF SUPPLY

Designing, Engineering, Manufacturing & Maintenance of Power Distribution Switchboards & Motor Control Centres

- ASTA Type-Tested L.V. Main and Sub-Main Switchboards, up to IP54
- ASTA Type-Tested Motor Control Centres, up to IP54
- Lighting Control Centres
- Fixed, Fully and Semi-Withdrawable Motor Control Centres
- Back-to-back Motor Control Centres
- Power Factor Correction Units
- Mimic and Remote-Control Panels
- Mild and Stainless Steel Weather-Proof Cubicles and Pillar Boxes, up to IP65

*Apart from the above mentioned, we can also design and manufacture all kinds of switchboards and motor control panels as per customers' specifications
**All of our products are designed and manufactured based on the latest BSEN / IEC / AS standards'

Local Motor Control Panels

Capacitor Bank

Busduct Connection

Designing, Integrating and Installing Photovoltaic Systems for Feed-In Tariff Schemes

- Commercial Buildings
- Residential Buildings
- Schools
